Consistently exceeds expectations - Exceeds	4
Role- model Performance - Awesome	5

PERFORMANCE EVALUATION TEMPLATE

Performance Criteria	Ratings	HR Comments
Technical Skills & Job Knowledge	5 / 5	Rahul has exceptional coding skills. His technical execution, logical problem-solving, and code quality are outstanding.
Work Productivity & Deadlines	4 / 5	Highly reliable. He consistently completes his engineering tasks on time with zero technical bugs.
Communication Skills	2 / 5	Needs Improvement. Rahul struggles to express his technical ideas in team meetings.
Teamwork & Collaboration	3 / 5	He is very helpful one-on-one with team members but fails to coordinate effectively in large cross-functional groups due to lack of confidence.

MOCK

EVALUATION

FEEDBACK

Employee Feedback

Rahul has shown excellent technical capabilities and consistently delivers quality work on time. His analytical thinking and coding efficiency are strong assets to the team.

However, Improvement is needed in communication and collaboration. During meetings, he rarely shares updates clearly and sometimes struggles to explain technical concepts to non-technical team members.

Areas for Improvement

Improve Presentation & Verbal

Provide Clearer Project updates

Collaborate more with teammates

KPI IMPROVEMENT PLAN

Active Presentation (KPI 1): Rahul must take ownership of presenting at least two internal technical demos to the team over the next 90 days to build public speaking confidence.

Daily Reporting Accuracy (KPI 2): Achieve 100% complete daily status updates on Jira/Slack with clear explanations of what was done and what is blocked, reducing communication gaps.

KPI IMPROVEMENT PLAN

Professional Training (KPI 3):
Complete the company-sponsored
“Business Communication &
Stakeholder Management” short
course on Coursera by the end of next
month.
